

# FOAMING CHAIN & CABLE LUBRICANT III

Sprays as an instant foaming, deep penetrating liquid that flows inside intricate chains and cables where the greatest stress occurs.

Provides a thick foam that clings to vertical surfaces. As foam breaks, lubricant penetrates into wire rope, rollers, pins, links and bushings of chains. Leaves a lubricating film, which reduces friction, wear and corrosion. When applied to wire ropes and cables, the \*Moly and other additives plate the strands to provide anti-wear and rust protection. (\*Moly is molybdenum disulfide)

- An Aerosol Product
- Fortified with \*Moly! • Prevents Corrosion
- High Temperature and Pressure Resistance

#### FOR USE BY:

- Industrial Facilities • Shipyards
- Steel Mills • Aircraft Maintenance
- Material Handling • Road Equipment
- Construction • Mining
- Containerized Shipping Companies

#### FOR USE ON:

- Chains • Booms • Hoists
- Saws • Open Gears • Fittings
- Cables • Tow Lines
- Wire Cable • Cranes
- Winches • Power Drives
