FORMULA 2600 MULTI PURPOSE CLEANER

Formula 2600 is a synthetic concentrate that cuts your inventory because it replaces all your special cleaners. It is easy and economical to use because you add and adjust the water level depending on the soil load.

Formula 2600 quickly penetrates dirt, grease, grime, etc., and holds it in suspension for easy removal. Cleans everything from floors to greasy plant machinery. It is excellent for steam cleaning and is safe on painted surfaces when diluted as directed.

Free rinsing. Leaves surface clean and film free. Non-toxic. Safe on personnel. Non-flammable.

USE AND DILUTION GUIDE

Apply by steam cleaner, spraying, brushing, mopping, or wiping. Rinse with water or wipe clean with damp cloth. On heavier soil, allow solution to soak and penetrate, but not to dry before rinsing or wiping clean.

MACHINERY CLEANING: Use 3 to 6 ounces per 1 gallon of water, depending on amount and type of soil to be removed.

GENERAL CLEANING: Walls, ceilings, floors, fixtures, woodwork, plastic upholstery, metal lockers, metal desks and files, and many other cleaning jobs . . . use 1 to 3 ounces per 1 gallon of water, depending on amount and type of soil to be removed.

STEAM CLEANING: Use at 1/3 to 2/3 the rate of powdered material recommended. Adjust usage to soil load.

WAX/POLISH REMOVAL: Use 4 to 10 ounces per 1 gallon of water depending on the build up.

SAFE ON: Aluminum, Brass, Magnesium, Nickel, Iron, Cooper, Steel, Stainless Steel, and Plastic.
