Refrigeration Oil 68E

Interlube Corporation's Refrigeration Oil 68E is formulated for use in refrigeration systems using hydrofluorocarbon compounds, such as R134a, R404a, R407c, R410a, R507, and R23.

- Excellent thermal stability
- Excellent hydrolytic stability
- Outstanding lubricity
- Good miscibility with hydrofluorocarbon compounds at low temperatures
- Fully synthetic formulation
- Delivers excellent performance and energy efficiency to refrigeration systems

Typical Properties

Viscosity @ 40°C	68 cSt
ISO Viscosity Grade	109
Flash Point, COC	262°C
Pour Point	-48°C
ISO VG Grade	68

Interlube Corporation manufactures other viscosity grades of this product to suit a wide range of refrigeration applications. Please contact us for your specific requirements.
