S-Wool Oil #15

Interlube Corporation's S-Wool Oil #15 is a mineral oil based, yarn lubricating/anti-static textile oil. It is easily emulsified, making cleaning with a mild detergent trouble-free. It reduces friction and, therefore, static electricity on yarn during processing. It is very effective in reducing yarn breakages.

- Excellent emulsibility, making for easy cleaning
- Reduces static
- Reduces breakages by reducing yarn-to-yarn and yarn-to-metal friction
- Low surface tension allows yarn to be coated uniformly
- Excellent rust inhibition to leave textile machinery clean
- Extends textile machinery service life and reduces maintenance

Typical properties

Viscosity, SUS at 100°F	165
API Gravity	21.0
10% Emulsion	Milky, stable
10% pH	9
Flash Point, Cleveland Closed Cup, °F	>300
Color	Light brown
