VACUUM PUMP OIL 55 PD

Vacuum Pump Oil 55 is a premium quality special low volatility oil, formulated to give superior oxidation resistance, improved anti-wear properties, and improved high temperature protection. Its oxidation resistance and anti-wear properties are three to five times better than those of conventional rust and oxidation inhibited vacuum pump oils. The special low volatility oils and anti-fouling additives assure efficient, long life, pump operation. Years of operational experience show that these oils give extended service life.

- * Outstanding Oxidation Resistance
- * Excellent Anti-Fouling Properties
- * Superior Anti-Wear Properties
- * Good Rust & Anti-Foam Properties
- * Very Low Temperature Flow Properties
- * High Flash Point

TYPICAL PROPERTIES

Viscosity, SUS @ 100 ° F	340
SUS @ 210 ° F	56
Viscosity Index	100
Flash Point, ° F	430
Vapor Pressure, mm Hg @ 68 ° F	<0.0001
Specific Gravity	0.87
