

Super D is a very high powered cleaner-degreaser designed to remove even the toughest sludges, tars, stains, contaminants, oily & greasy films and even varnish-carbon deposits which are built up on surfaces. It is designed for cleaning all metal and many plastic surfaces which are resistant to its high solvency. It is a high volatility cleaner that evaporates rapidly at room temperature to leave very clean, even paintable surfaces.

DIRECTIONS:

Read entire label before using this product. This product is Extremely Flammable. Use of this product may cause a flash fire which may result in injury. Do not spray on hot metal surfaces. Use plastic extension tube to direct spray to exact location. Spray directly onto surface to be cleaned. Allow product to penetrate through grease and grime. Wipe away soils or rinse with a second spray. Wipe or allow to air dry. **IMPORTANT:** If spilled or sprayed on painted surface, wipe off or wash off immediately.
